### About eLearningMinds:

eLearningMinds is a group with strategic partnerships from different countries experienced in providing eLearning content solutions for organisations in the private and public sectors. The group includes Universal IT Solutions Sdn Bhd, Malaysia and strategic partnerships with eLearningMinds Global Education Technology Co. Ltd., China; Systronic, Indonesia; eLearningMinds Singapore and Source Learning, Thailand. Service offerings include designing and developing practical, effective and affordable learning solutions to our clients in consultancy, eContent development, tool-based training and skill-based training. In addition, eLearningMinds provides coaching and consulting services to enable DIY eLearning initiatives to you and your organisation.
